March 2016

***15 to Finish* Summary Analysis – Fall 2015 Semester**

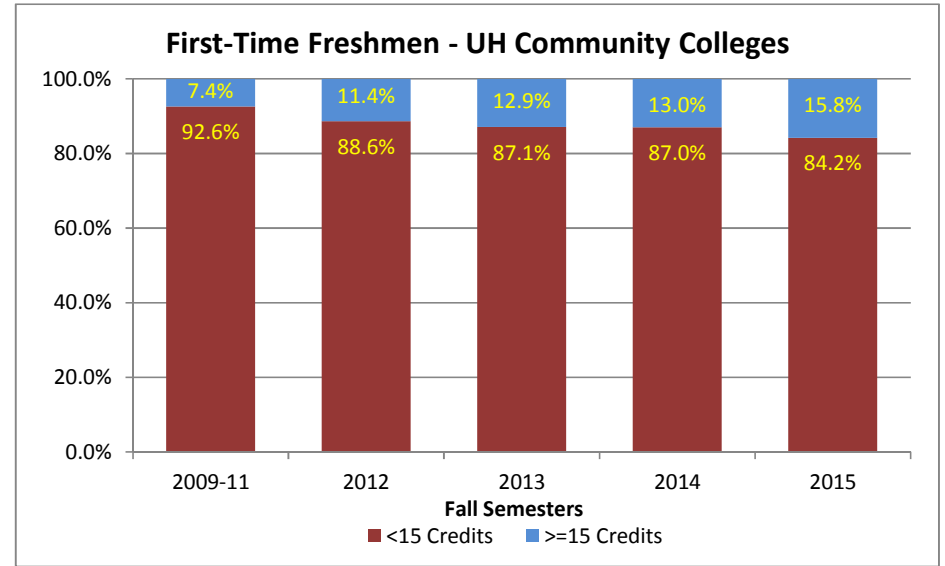

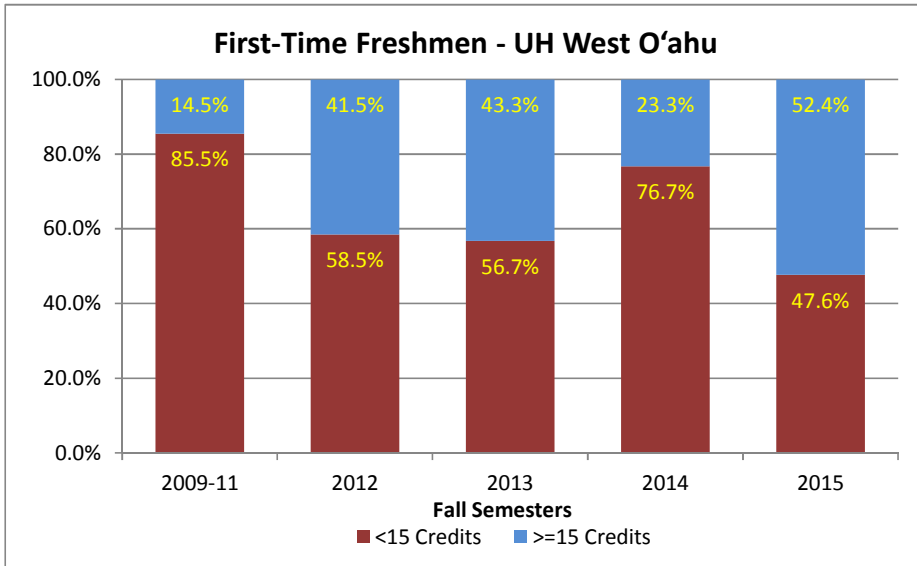

Fall 2015 marked the third fall semester of the *15 to Finish* initiative at the University of Hawai'i campuses. Part of the Hawai'i Graduation Initiative, the purpose of *15 to Finish* is to encourage those students who are both willing and able to attempt at least 15 credits per semester (or 30 credits per academic year) to graduate "on time" in four years (two years at the UH Community Colleges). This brief provides summary measures for the initiative as of the fall 2015 census date.

- For the UH system, first-time freshmen taking 15 or more credits systemwide increased in fall 2015 to 30.7%, the highest percentage so far measured. Rates were highest at UH Mānoa (64.4%), followed by UH West O'ahu (52.4%), UH Hilo (38.2%) and the UH Community Colleges (15.8%).
- The UH Community College campus with the highest percentage of first-time freshmen taking 15 or more credits in fall 2015 was UH Maui College (20.5%), followed by Kaua'i CC (18.2%), Hawai'i CC (17.3%); Honolulu CC (17.0%), Leeward CC (15.6%), Windward CC (13.0%) and Kapi'olani CC (12.9%).
- Since the initiative began in fall 2012, steady increases in the percentage of first-time freshmen taking 15 or more credits have been measured systemwide. The proportion has increased from 15.8% (average for the period fall 2009 to 2011) to 30.7% in fall 2015. The proportion at UH Mānoa has increased from 37.1% to 64.4% over this period.
- In most cases, the largest gains were made in the first year of the initiative, with smaller increases in subsequent years. For example, UH Mānoa posted an 18.4 percentage point gain in fall 2012, followed by 5.8, 1.9 and 1.3 percentage point gains from fall 2013 to fall 2015, respectively.
- The percentage of all classified undergraduates taking 15 or more credits has increased as well. At UH Mānoa, the proportion has increased from 39.2% in fall 2011 to 49.5% in fall 2015. At UH Hilo, the proportion has increase from 36.6% in fall 2011 to 40.4% in fall 2015. At UH West Oahu, the proportion has increased from 19.7% to 33.2%, while at the UHCCs the proportion has increased from 8.7% to 12.0%.
- The *15 to Finish* initiative has had a positive effect on retention. The fall-to-fall retention of first-time freshmen taking 15 or more credits is consistently higher than the retention rates of freshmen taking fewer than 15 credits. At UH Mānoa in fall 2015, the home-campus retention rates (those students who returned to UH Mānoa) for the fall 2014 cohort measured 79.7%, 75.7% and 58.3% for students taking 15 or more credits, 12 to 14 credits and fewer than 12 credits, respectively. Similar results hold for other units.
- The systemwide retention rates (first-time freshmen returning to any UH campus in the subsequent fall semester) were higher than the home campus rates for all units. For example, at UH Mānoa the home campus fall-to-fall retention rate for the fall 2014 cohort was 79.7%, while the systemwide rate was 82.7%.
